## SAT Writing & Critical Reading(Ages 12-17)

Prepare early and succeed on SAT Writing & Critical Reading!  
This course features readings, essay writing, and grammar study. Students learn how to:

- Approach the format of the SAT writing section.
- Identify the attributes of good SAT writing.
- Develop, organize, and express written ideas clearly and effectively.
- Write efficiently in a timed setting.
- Recognize sentence errors quickly.
- Improve sentences and paragraphs.
- Learn strategies to improve reading comprehension and critical thinking.
- Practice identifying different types of critical reading questions.
- Practice analyzing and comparing reading passages.
- Discover how to tackle sentence completion.
- Become better at quickly eliminating incorrect answers.
- Study common Latin and Greek roots to expand vocabulary.

*A diagnostic test in the beginning of the course identifies where each student needs the most improvement; detailed, individual feedback helps students strengthen their skills and test-taking confidence. Students take and review practice tests throughout the course.*
